Dear Bill:

Thank you for getting back to me. Its been a mystery as to where the two trees went. Is there a police report? At the very least the owner of the car which cause the damage should be charged for the removal of the tree as well as well as the replacement. Please advise and provide your contact information.

Regards,

Good Morning Lisa,

There was a traffic accident on June 6th were a car hit the two trees and took them out. We do have the stumps backlogged for removal but currently do not have a crew to remove the stumps. Let me know if you remove the stumps and replant the trees, so that I can close out the work request on our system.

Thank You,  
Bill Candlish

Dear Bill:

I am hoping that you might be able to assist me in finding out why the two (2) trees were literally chopped down in late June 2016. Here is what they looked like prior to them being cut down (they are the two between the driveway):

[Missing Trees 901 Highland Avenue, Hollywood 90038](#)

I have numerous emails into Urban Forestry and in fact even placed a Service Request through 3-1-1 Service Number #1-233253641 on July 1st and it was closed on July 16th without an indication of which City Department had them removed. I spoke to the tenant at 901 Highland and they said they did not know. So if you can let me know who removed them it would be a great help since the BID is now going to have to remove the stump and replant the trees.

Thank you for your assistance.
